Conference On 'Impact' Funds At National Meet

Supt. Harold M. Kaiser of the Granite City school district will confer with other school administrators Sunday in Atlantic City, N. J., on prospects for legislation to continue financial aid to "federally impacted" districts.

The conference for representatives of school systems receiving such aid will take place during the annual meeting of the American Association of School Administrators, which will begin Saturday morning and end Wednesday evening at Atlantic City.

About 30,000 superintendents and school board members will attend the AASA sessions, which will include workshops on a variety of school matters and talks by such educators as Dr. James B. Conant, authority on high school curricula, and Francis Koppel, head of the federal education office.

The Granite City district will be represented by Dr. Kaiser, Board Secretary George Stidham and Board Member Dan Linder.

Impact aid—for general operation and maintenance costs and under certain conditions for construction of classrooms—is granted these districts which have a large number of pupils whose parents work at non-tax-paying federal installations.

Such employment includes military bases and sections of federal housing defense contracts.

Further talks by the same school administrators in Washington are a possibility when Congress nears a vote on the legislation later this year.

County Tax Staff Preparing Books For 1963 Collection

As in the past, local tax collectors are expected to be in the last to receive their tax books, which will be used for this year's tax billing.

The county's total valuation of \$826,999,321 became known last week with the receipt of railroad and capital stock assessments from the state revenue department, and County Clerk Miss Eulalia Hotz began work immediately to establish the valuation in each of the 127 taxing districts in the county.

"Some delay is encountered," she explained, "in receiving certification of the rate for the East Side Levee and Sanitary District, which is computed in St. Clair county."

Cause For Delay

Because the greater portion of that district lies in the neighboring county, the law requires it to determine the tax rate.

This usually delays the extension of taxes in Granite City, Venice and Nameoki township portions of Chouteau, Colville and Edwardsville townships also are in the levee district," she added.

Due to the usual delay, Miss Hotz's tax staff proceeds with

fixing district valuations in other sections of the county.

Rush To On

"Every effort is being exerted to rush the tax extensions and complete the tax collector's books as soon as possible," Miss Hotz said.

"After the collector receives his books, it becomes his duty to make up the tax statements and mail them to the property owners," she said.

The new \$826,999,321 total assessments for the county represent an increase of \$147,682 over the 1961 valuation of \$812,202,639.

The four local townships, with a valuation of \$239,713,735 fixed by local assessors, make up over a third of the county's valuation. Granite City township's valuation set locally is \$151,946,170, up \$3,488,140 from 1960. Venice township property is valued at \$63,169,140, up \$55,455; while Nameoki township property valuation is set at \$25,002,820, up \$1,949,505, and Chouteau township property is valued at \$19,103,605, up \$819,150.

These figures do not include the state-fixed valuations on stock owned by corporations.

Valentine Party By Rotarians For Wives

Members of the Granite City Rotary Club entertained their wives at a Valentine party Tuesday noon at the Rose Bowl restaurant. Gifts were presented to each of the ladies, and floral table decorations carrying out the Valentine motif were awarded to a number of them.

Gerald Maher, attached to the St. Louis office of the Federal Bureau of Narcotics, described various methods of traffic in narcotics and pointed out that since the bureau was formed in 1930 the number of heroin addicts had dropped from one in 40 to one in 4000.

Strict enforcement with stiff penalties, five to 20 years for first offenders and a ban on both importing of heroin and commerce in manufactured drugs, Maher said, heroin is the most addictive and vicious. Other drugs include cocaine, opium, marijuana and certain synthetic opiates. Any heroin arrest involves three offenses—possession, sale and smuggling.

Tremendous profits are made by traffickers in heroin, he continued. An ounce, for which the usual price is \$500, can return as much as \$26,000 by repeated "cutting" from the original powder to the capsules that are sold by "pushers."

The complaint of the Valentine program was Edward Meng, who introduced the speaker. President Gerald Broadway presided.

Businesses Must File Data Forms By Feb. 28

All businesses must file by Feb. 28 their annual information returns covering payments made in 1962 of salaries, wages, fees, commissions and other compensation for personal services totaling \$600 or more to the extent not reported on Form W-2, according to a reminder issued today by District Director Jay G. Philpott of the Internal Revenue Service in Springfield.

Dividends of \$10 or more are to be shown on such an information return, and also to be included are payments of interest, rents, royalties, annuities, pensions and other fixed or determinable income totaling \$600 or more.

The returns should be filed by use of Forms 1096 and 1099, Philpott said.

Christian Scientist Program Announced

Richard H. Chase, manager of Christian Science activities for the Armed Services, will be guest speaker on the Columbia Church of the Air program Sunday, Feb. 17. It has been announced by First Church of Christ, Scientist, 2560 Delmar Avenue. His topic will be "Showing Man His Uprightness." Music will be furnished by Kenney Baker and Eula Beal, soloists, and a quartet.

The program will be broadcast over Radio Station KMOX at 7:00 a.m.

Pay For Extra Furnace Work; Hire 6 Teachers

Authorization of overtime pay for extra custodial work at Central junior high school during extremely severe weather was given tentative approval Tuesday night by the Granite City school board, pending an agreement with Building Service Employees Local 98 that this would not be the basis to seek other changes in the existing custodial agreement.

Board members noted that a previous effort to amend an existing agreement to alleviate possible unfairness resulted in grievances being filed by other custodians on prior practices, alleging partiality. The case was won by the school district, but it was decided Tuesday to seek to avoid a similar occurrence.

Head custodians are paid higher salaries to compensate for such work as checking their schools after storms and maintaining heat during late winter and early snow mornings, a discussion brought out.

However, work as early as 3 a.m. on Mondays has proved necessary in order to have sufficient heat at Central during below-zero weather this winter, it was noted.

The Central boiler has a manually-filled stoker, and the problem will be alleviated when the district completes current arrangements to install automatic equipment.

In the meantime, it was decided informally to authorize overtime pay for unusual working hours at Central not contemplated when the agreement with Local 98 was drawn up not quite two years ago.

Mrs. Huxel Resigns

In other business, the board accepted the resignation of Mrs. Lois Huxel, Granite City, high school mathematics teacher who has been on leave of absence. A teacher in the Granite City district for 25 years, Mrs. Huxel held family responsibilities.

The board hired Mrs. Laurence F. Witkamp, 805 East Chain Rocks road, as an elementary teacher, effective today. She holds a bachelor degree from Central Missouri College, Warrensburg, and has six years of teaching experience.

Youth Charged With Aggravated Battery

A hearing date of Feb. 21 was set for Charles A. Ray, 17, of 2501 Denver street, when he was arraigned Monday before Police Magistrate Gasparovic on a charge of aggravated battery.

The complaint was signed by Zelma Frazer and a warrant was served on him Saturday. Ray is free on \$150 property bond.

The court also has another case against Ray under advisement. He was tried Jan. 24 on a property damage charge. It was alleged he broke a window at Green's Confectionery, Denver street and Rock road, recently.

Venice Township Relief Costs Show Decrease

Venice township relief costs for January, amounting to \$6,199, show a decrease from the \$6,537 figure of the previous month and are well below the \$10,278 expended for January 1962.

A monthly report disclosed this week that 91 families containing 150 people were aided in the month just ended. The caseload was 88 with 210 individuals in December 1962 and 122 with 340 in January a year ago.

at \$287,650, and the last request at \$640,448.

The board proposes monthly pay for \$300 for the school year and another \$16 next year, while the teachers union asks \$38 monthly this year, another \$27 next year and extended hospitalization insurance beginning this year.

Teachers not yet at the maximum of the salary schedule also receive automatic yearly raises ranging from \$11 to \$39 a month.

Tuesday night's regular board session began on schedule and the meeting room gradually began to fill with teachers and other spectators. More than 20 entered the room, some standing, and others stood in a general office area connected to the board room by two open doors.

The board transacted all other business on the agenda before coming to the letter, which was read by Supt. Harold M. Kaiser.

Considered Board Meeting

Dr. Kaiser said he had forwarded copies to the board members and the board president Robert Spengler had made efforts to arrange a special meeting last week to discuss the letter. It was felt that all board members should be present, and it proved impossible to find a time when all could meet, he related.

Spengler polled the board members Tuesday night and the six approved the negotiation arrangements requested. A special meeting is to be called for 7:30 p.m. Feb. 21, and Mrs. Bjorkman told the Press-Record yesterday that the teachers will be asked to be present at that time.

The board president noted the large attendance and stressed that the public is welcome at every board meeting. He said it would be helpful if there was increased public representation at meetings of all governmental bodies.

"To show that the American Federation of Teachers, Local 743, is in good faith, the salary and policy committee hereby requests a special meeting with your negotiating team, while the board is in session. That we may present several counter-proposals which we are authorized to make.

Valentine's Day Origins Ancient

Although today it has little or no recognized religious significance, Saint Valentine's Day is the feast day of no less than three Roman martyrs.

Present-day customs of exchanging valentines or gifts on Feb. 14 more likely are a survival of an ancient Roman festival, it is generally acknowledged.

It was the Roman custom for young men and women to draw lots to determine who should be each other's "valentine" for the coming year. The couple then exchanged gifts — and sometimes even became engaged.

PERFORMING BEFORE THOUSANDS, the Coolidge junior high school Latin American Ensemble plays on the brightly lit sound stage of a St. Louis television station.

The ensemble, under the direction of Robert Todoroff, joined other performers in an hours-long "Telethon" for the benefit of the March of Dimes last weekend.

Venice Closes Out Season Friday; Seeks To End 6-Game Losing Streak

Venice's Red Devils have one last opportunity to break the longest prep basketball losing streak in the Quad-Cities.

Coach Bill Ohlendorf's club, after suffering setbacks in its last six outings, closes the regular season at home Friday night against Aviston, tailender in the Madison-Clinton-Macopu counties conference, and a Venice victim earlier in the year.

The Devils will play Lincoln of Venice in the first round of the Venice district on Feb. 28.

Latest team to conquer the Devils was Bunker Hill. The Minutemen maintained their hold on second place in the MCM loop Tuesday night by virtue of a 69-48 win over Venice at Bunker Hill.

Despite losing its last five to MCM opponents, Venice avoided falling farther in the standings (it is in a two-way tie for fifth) Tuesday when third-place Warden clipped Livingston, 56-47.

Aviston Streak Longer

League-leader Weslin easily downed Aviston last night, and

the Eagles will bring here Friday a 14-game losing streak which includes an 0-11 MCM mark.

Height, and the lack of it, told the major portion of the story at Bunker Hill Tuesday. Although the Devils missed their first seven shots, they were 15-27 from the field after one quarter against the taller Minutemen.

But when 6-2 Paul Sifton, Venice's tallest player, fouled out in the second quarter, the Devils had no one left to cope with 6-3 Glad Barthe and 6-3 Bob DuBoise.

Bunker Hill motored to a 31-24 halftime lead and then outscored Venice 24-12 in the third period to wrap it up.

Jerry Cicio, whose outside shooting has been carrying Venice of late, had an off night, hitting four of 16 shots and finishing with 12 points, less than leading VHS scorer Jim Hornman. Nine players scored for the Devils but Hornmann and Cicio were the only two in double figures.

Barth, a smooth operator un-

derneath, sandwiched 14 and 15 point halves around the intermission. He picked up three quick points on a trio of three-point plays in the first half.

Overtime JV Game

Venice's javyes, battle badly by Bunker Hill in a previous meeting, forced the home reserves into an overtime period Tuesday before dropping a 45-48 decision. Venice led 10-0 early in the game, but Bunker Hill managed a 46-46 tie at the end of regulation time.

Mike Edwards with 12, Howard Black with 11 and Terry Cooper with 10 led a balanced attack for the losers.

The varsity scorers: Venice—Hornmann 14, Cicio 12, Pete Fields 6, Ken McMillen 5, Sifton 3, John Robertson 3, Edwards 2, DuBoise 2, Bill Getz 1, Tom Ganss 1, Barth 2, Chapman 1, Duclun 9, Morris 8, Morrison 6, Kampwerth 4, Welch 1.

Score by quarters: Bunker Hill - 12 19 24 14 69 Venice - 15 9 12 12 48

Six '200 Club' Members

Moore Challenging Bohnenstiel For Individual Scoring Honors In SWC

Six and possibly seven players in the Southwestern basketball conference will finish with better than 200 individual points scored in league games this season.

Five joined the "200 club" last weekend as a down-to-the-wire battle for the individual conference scoring title developed between current leader Roger Bohnenstiel of the conference champion Collinsville Kahoks and Granite City's 6-7 center, George Moore.

As of today, a scant seven-tenths of a point separates the two leaders, with Bohnenstiel (21.5) scheduled to play his final SWC game Friday night against Wood River.

Moore, averaging 20.8 in the Southwestern league, will play in his last conference contest here on Feb. 22 against Alton. Bohnenstiel collected 16 points in the first Kahok-Weslin game, while Moore netted his season's high, 38, against Alton the first time the two teams met.

Sure to go over the 200 mark this weekend is Collinsville's Joe Brennan, who stands on the list at 197.

A park district baseball clinic for boys who will participate in park league this summer, scheduled for Saturday morning at the Coolidge junior high school, has been postponed, Park Supt. Harold Brown said today.

St. Louis Cardinal shortstop Dan Maxvill, one of the announced instructors for the clinic, is scheduled to leave tomorrow for St. Petersburg, Fla., to join the Cardinal spring training camp.

The clinic, which will stress mechanical fundamentals of baseball, will be held in April after the Cardinals return from Florida. Maxvill plans to invite other young Cardinal squad members to help conduct the clinic, which will be held out doors.

Shots Not Necessary For Boy Bitten By Dog

Keith Foster, six-year-old son of Mr. and Mrs. John Foster, 2154 Lee avenue, will not have to take a series of anti-rabies inoculations as first feared. He was nipped by a dog Monday, Feb. 11, and the dog was identified last Monday as a result of an appeal made in the Press-Record.

The dog's mother, Mrs. Foster, said the animal had been inoculated against rabies so there was no danger to the boy.

Keith was not injured. The skin was pierced, however, on his little finger and the family doctor advised administering the series of shots unless the animal could be located.

A tentative date of April 1 was set for the showing of the latest cartoon film, entitled "Never Alone." Final plans for this little made the next meeting, with the showing to be at the church.

NOW'S THE TIME TO GO AROUND THE WORLD OF CHEESE!

Yes, the Lenten period will start in two weeks, and you'll probably be serving more cheese. Why not try some new varieties this year? It's fun!

Nearly all cheeses originally came from Europe, but they have nearly all been duplicated in the United States. There's a kind for every use, in soups, appetizers, salads, casseroles and desserts. Having a Pizza party? You'll need Mozzarella, Romano or Parmesan.

Choose firm cheeses like Cheddar, Gouda, and Swiss for cooking or eating with crackers. Softer kinds include Liederkranz, Brick, Muenster, Blue, Gorgonzola, Gruyere, Camembert, Cream Cheese and the eastcoast, imported Roquefort from France. You'll find all these listed kinds in our cases, plus many more, too numerous to mention here.

Lohmann-Hoffman

Engagement

Is Announced

Announcement is made of the engagement and approaching marriage of Miss Margaret Hoffman, a daughter of Mr. and Mrs. Lefroy Hoffman of Belleville, and August Lohmann Jr., also of Belleville, a son of the late Mr. and Mrs. August Lohmann of this city.

The engagement was solemnized recently at St. Theresa's Catholic Church in Belleville by Miss Joseph Stengel.

The bride-elect was graduated from Notre Dame Academy and Belleville Junior College. At present she is teaching at St. Theresa's parochial school in Belleville. Mr. Lohmann, who attended the Granite City schools and was graduated from Illinois State Normal University in Normal, is teaching the educationally handicapped at the Union School in Belleville.

The wedding of the couple will take place June 15 at St. Theresa's in Belleville.

Madison Club

To Assist In

X-Ray Project

A white elephant auction was held and a service project was approved Tuesday evening at a monthly meeting of the Madison Junior Service club which was held at the Madison recreation center.

Mrs. Tilda Gravelle, the auctioneer, sold articles brought by the members to the members and guests.

The business meeting was opened by the president, Mrs. Voloski, who announced that Miss Nina Dittman, Madison school nurse, is asking for volunteers from the club to assist with a mobile unit scheduled to take chest x-rays at Madison high school March 14.

A number of the members volunteered to work between the hours of 1 and 5 and 6 and 8 p.m. as is done by the members each year.

It was announced that the Collinsville Junior Service club is to have a style show March 14. The dinner dance in which all the junior clubs participate is to be held Feb. 23 at the Panorama bowling lanes, Belleville. Tickets are being sold by the members.

The next meeting of the club is to be held March 12 with a hat party featured and guests are being invited by the members. Business was discussed prior to the reading of the names of persons turned in for membership. They will be notified and invited to become members of the club.

At the conclusion of the meeting, the hostesses, Mrs. Clenna Vaughn, Mrs. Helen Daley, Mrs. Marcella Churruarín and Miss Marian Chizek, served refreshments in keeping with St. Valentine's day.

The tables were decorated in a valentine motif. Red hearts and red cups filled with assorted red and white candies were at each place setting.

Prizes were awarded to Mrs. Adrienne Warchol, Mrs. Julia Voloski, Mrs. Virginia Gadval, and Mrs. Lillian Delos. Mrs. Wanda Kincaid was a guest for the evening.

Twenty-two members responded to roll call.

Eagles Auxiliary

Past Presidents

Discuss Projects

Mrs. Mary Korsog was hostess to the Past Presidents Club of the Eagles Auxiliary Monday evening.

Mrs. Cora Hettick presided and a number of projects for the future were discussed. A dessert course was served by the hostesses, assisted by her sister, Mrs. Marguerite Vrenick, and there were games for entertainment with prizes going to Mrs. Linda Brown, Mrs. Korsog and Mrs. Elizabeth Novack.

Others attending the meeting were Mrs. Margaret Johnston, Mrs. Leta Schneider, Mrs. Helen Presley, Mrs. Hazel Pierson and Mrs. Viola Carey.

The next meeting will be with Mrs. Novack.

ATTEND SILVER

TEA IN WANDA

Mrs. William Schooley, Miss Marguerite Barker and Miss Ellen Folmer attended the Wanda E. Willard silver tea given Tuesday at the Methodist Church in Wanda by the Rosanna, Wood River and Wanda units of the Woman's Christian Temperance Union.

The program consisted of a talk by Mrs. Robert C. Ness of Alton, state WCTU president, on the general work of the organization, and a book report by Mrs. Russell Harris of Bethalto on the life of Miss Willard, an American educator and social reformer who was also a leader in the temperance movement. She was elected president of the World Woman's Christian Temperance Union in 1887 and in addition to the work of administering the WCTU served as president of the National Council of Women and vice-president of the Universal Peace Union and the Association for the Advancement of Women.

The tea table, adorned with silver and flowers, was presided over by Mrs. Sophie P. Webb of Wood River, another county of

MISS MARGARET HOFFMAN, fiancée of August Lohmann Jr. of Belleville. The engagement was announced recently in Belleville where both reside. The bride's parents are Mr. and Mrs. Lefroy Hoffman. Mr. Lohmann is a son of the late Mr. and Mrs. August Lohmann of this city.

Flower Boxes Found Hazardous, Removed

Most of the downtown flower boxes have disappeared after decorating the business district for five years.

The boxes are being retained by only three or four establishments, but most of the others have been repeatedly destroyed and the boxes overhauled.

Acts of vandalism were blamed for the removal of the boxes. Alvin Barnes, spokesman for the Granite City Downtown Shopping stores and offices, said plants have been repeatedly destroyed and the boxes overhauled.

He said liability insurance also has been costly. The retailers have expressed regret over removal of the boxes which for five years added beauty to the downtown district.

However, especially with the winter being overruled by vandals, they were found to be hazardous.

Madison Mayor Voices EPA Water Plan Support

Members of the Madison city council will be called upon to offer fullest possible support to a drive by Eagle Park Acres to secure water service, according to Mayor Stephen Maeras.

While he sees no way the city could be of assistance financially, the mayor said, he has offered whatever services his office can provide to be of service.

I've been behind such a move for a good many years now," Mayor Maeras said. "Now they have a group which seems to be making some progress. I'm glad to see them making the effort themselves, and it will be a great improvement to their community if they succeed."

The Madison executive said he believes federal assistance could be secured for the project if Madison-St. Clair counties unemployment figures from those of St. Louis has become a major goal of the Southwest Council of Mayors. Both Maeras and

He said provisions of the federal accelerated unemployment program could then be applied in Eagle Park Acres. Under the program, he said, the federal government would pay up to 50% of the cost of water installation.

Project Of Mayors
Separation of the Illinois unemployment figures from those of St. Louis has become a major goal of the Southwest Council of Mayors. Both Maeras and

Granite City Mayor Leonard Davis are members of a committee appointed to contact President Kennedy, senators Dirksen and Douglas, Congressman Price and state legislators on the matter.

Mayor Maeras said he has worked with the people of Eagle Park Acres in the past to secure water service. Madison at one time authorized its city attorney and consulting engineers to study the problem fully, he said.

"We owe it not only to them, but to ourselves to be of any help we can," he said. "There's no question but that they are our neighbors. And their lack of water could lead to problems, such as spread of communicable disease, which would become our problems too."

Grateful For Response
Cleveland L. Johnson, Eagle Park Acres resident who is spearheading the drive for water, said he is gratified at the response it has aroused. He said a meeting of residents of the community last weekend was very well attended, and several more residents have deposited the necessary installation fee in the First National Bank in Madison.

The bank is serving as trustee of the fund, holding deposits until all 232 consumer units in Eagle Park Acres have signed for such service and paid a \$103 installation fee. The funds would then be transferred to the East St. Louis & Interurban Water Co., which would begin installation.

Johnson said a number of residents expressed their appreciation to the Venice fire department, which has answered fire alarms in Eagle Park Acres in the past even though it is out of their territory. Venice Fire Chief Michael E. Leatherman has also voiced his support of the drive for water.

Johnson said a second public mass meeting on the water drive will be held at 3 p.m. Sunday, Feb. 24, at the Eagle Park Acres Methodist Church, Allen and Watson streets.

Wool Growers Program For '62 Ends March 31

Wool growers were reminded today that the 1962-program payments, to be made this summer, will be made on wool and unshorn lambs which are marketed before March 31. That is the closing date for the 1962 program.

Edwin C. Rethmeier, chairman, Madison County Agricultural Stabilization and Conservation Committee, also pointed out that applications for such payments under the 1962 wool program are to be filed before the end of April 1963.

He emphasized that the information on payment applications is to be supported by adequate records on the sales. For instance, producers sales records

for shorn wool should show name and address of buyer, date of sale, name and address of producer, net weight of wool sold, and net proceeds to producer after normal marketing deductions.

The best time to see a lawyer is before you really need one

It is inevitable—there are bound to be occasions during your lifetime when you will have a legal problem requiring the assistance of a lawyer.

In eight cases out of ten, your problem could have been avoided, reduced, or made much less costly if you had discussed your affairs during an annual "legal checkup" with a lawyer before the trouble arose.

If you've never had a legal checkup, make an appointment with a lawyer soon. You'll find it interesting, educational and painless.

And it is just possible that he can help you avoid situations or actions that might mean trouble later on.

If you don't happen to know a lawyer, call your local or county bar association for a recommendation.

Why not make an appointment now?
